

CALENDAR

.....{editable templates}.....

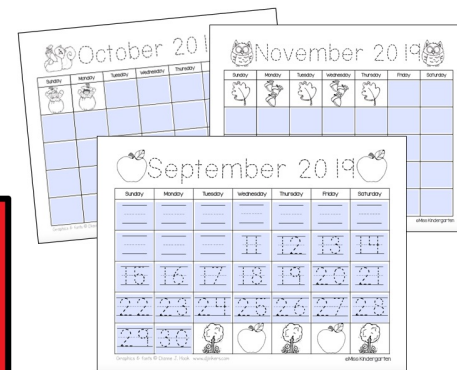

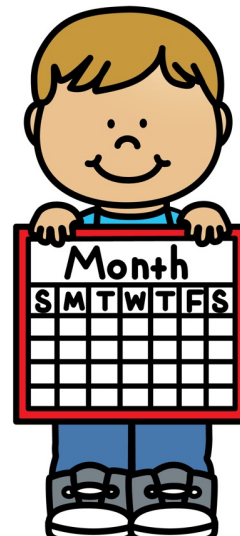

Miss kindergarten

Need Editable Calendars?

Type exactly which numbers you want your students to trace and which ones you want them to write on their own. This is great for differentiation and number practice. Click the image on the right to purchase the editable version!

How to Edit

You **MUST** open this document in Adobe to edit it.

Type in the numbers you need directly into the blue boxes.

Type // (two backslashes) if you just want the handwriting lines.

Delete any text in the blue boxes if you just want a blank box.

The blue boxes and/or little plus signs will disappear when you print.
